

CS500 Series Transition

Why are we refreshing?

- The CS family has been a best-seller for Plantronics for nearly a decade
- With the advent of our premium Savi® Office product, we were able to leverage new design and technology improvements
- With the new CS family we have streamlined our portfolio of wireless offerings to include the CS500 Series as well as our newly announced Savi 700 Series – both featuring an exciting new headset design
